[Register for Fall Meeting](#)

Dear Stephen,

By now, you should have received an email from the Michigan Beekeepers Association (MBA) announcing the fall meeting in Grand Rapids. That email heralded the first in a new capability for MBA. Your MBA has embarked on an effort to improve membership communications, which includes revamping our web site (www.michiganbees.org) and implementing a new email system. We wanted to take a moment of your time to explain this new email system, what is going on and how you can help us help you.

There is a lot going on in the bee world that you may want to know about

- local and statewide events,
- emerging science,
- important legislative changes and much more.

We will be using our new email capabilities - along with our web site - to keep you abreast of things.

We are sensitive that in today's world most of us are being swarmed in junk email. If you wish not to receive any email communication from MBA, then you can simply "unsubscribe" by clicking the link at the bottom of this communication. Also, you can help manage your profile (name, physical address and email address) by clicking the "Update Profile/Email Address" link at the bottom of this communication. Both of these links will always be at the bottom of any email you receive from MBA.

So if you notice something wrong in your name or address, please take the time to correct it. The information maintained in your email profile and your membership record is one and the same. Your efforts in correcting any errors will be greatly appreciated.

We have also implemented the ability to register on line for various MBA events, such as the fall meeting in Grand Rapids. We hope that you take advantage of this time saving feature. When you register on line, you will not have to wait in line at the event itself. Also, registering on line significantly helps the volunteers for MBA prepare for the meetings and events and will save us a ton of time. Help yourself...and MBA...by registering on line. (We will shortly implement the ability to renew your MBA membership on line as well!)

Feel free to pass this email on to other beekeepers you know. We have posted on the MBA web site a list of members for whom we do not have email addresses or what we have is wrong. If you or someone you know is an MBA member and not getting our emails, that may be the problem.

If you have any questions regarding MBA or what we are up to, please let us know.

Have a great season!

Sincerely,

Roger Hoopingarner &
 Steve Tilmann
